“ Stéphane Deroncourt: the most talented winemaker in the world ”

Wine Spectator

“Château Lacabanne-Duvigneau” by Stéphane Deroncourt has been created and crafted like an exceptional product based on the fundamental idea that a wine gets its richness and personality from the micro-terroir that it comes from. The parcel selection method takes into account the nature of the soil, the grape variety, the micro climate, the exposition to the sun, the dryness or humidity level of the soil and sub-soil. With the support of Stéphane Deroncourt, the rising star of international winemaking consultants in Bordeaux, we have selected the best parcels and carefully aged the wines, in partnership with the growers and owners, we have created the final blends to give birth to premium wines characterized by their exquisite harmony.”
