

LESTRUELLE

HAUT-MÉDOC

Carefully selected by Patrick Bouey, owner of Château Lestruelle, this wine has been created with the same careful finesse and requirement that apply to all other cuvees and estates for the Bouey Family Vineyards and Châteaux, a signature that is of the highest quality and excellence.

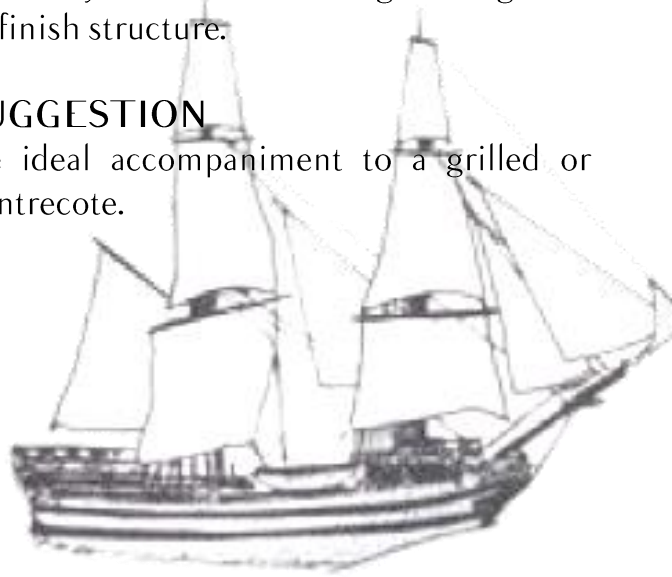

Sourced and selected in northwest of Bordeaux, in the Listrac-Médoc vineyards, this wine is a blend of Merlot and Cabernet Sauvignon grown on gravelly and clayey-limestone soils. The vineyard is traditionally conducted based on sustainable farming rules and an environmentally friendly philosophy.

TASTING NOTES

Elegance is the main characteristic of this wine, with delicate aromas and a silky complex palate. Well-melted and rounded tannins support delicate woody notes for a long lasting and complex finish structure.

OUR SUGGESTION

It is the ideal accompaniment to a grilled or cooked entrecôte.
